United Way

Diversity and Inclusion

The Organization encourages donors, residents, and community members in Union County to participate in all activities of the Organization, including but not limited to, committee representation, fund raising and community and volunteer activities. The United Way of Union County does not discriminate on the basis of race, religion, gender, age, or national origin. At the United Way of Union County, diversity and inclusion are an important aspect of our work. We understand from experience that the best solutions are crafted by diverse perspectives and stakeholders. Our Board of Trustees, staff, and volunteers come from many walks of life and reflect the many faces that make up our community. Inclusion is essential to what we do because it creates and strengthens our community. It is at the heart of what it means to Live United and to advance the common good. To be a diverse and inclusive system is fundamental to meeting human service needs in Union County. We actively seek input and fully engage a broad range of partners to help us develop solutions that will result in long lasting change. Years ago, we laid the foundation and moving forward, we will continue to leverage and build upon talent, strength and opportunity that is available in Union County.
